To the Class of 2001:

GREETINGS:

I am pleased and proud to extend greetings and best wishes to all of you– members of the staff of this annual, officers of the Student Government Association, student trustees, the student body writ large, administrators, faculty, and staff – through the medium of the 2000-2001 edition of THE BULL.

In our commitment to the students served at Johnson C. I have watched with pride the increased maturity and sense of purpose developed in the student body as it moved about the campus, serving in various capacities of increasing trust and responsibility. I commend you.

Finally, I commend the very fine editorial staff for 2000-2001, along with advisors, for the magnificent effort put forth to capture the essence of the next generation of excellence.

Johnson C. Smith University was founded in 1867 by two young white Presbyterian ministers. Johnson C. Smith University sought to equip exslaves spiritually, morally and intellectually. Today more than 130 years later, it continues to prepare men and women in similar manner. Smith has continued as an academically strong and vibrant co-educational institution of higher learning that is fast becoming one of the nation's premiere and most progressive small colleges. The institution was founded April 7, 1867 as an Academy for the training of ministers, teachers, and catechist. The first session began May 1, 1867 and ended after five months, with the first class being comprised of eight or ten students described as discreet and pious young men of average ability who possess a knowledge of elementary branches of education. In the fall of 1867 the charter was amended naming the school "The Henry J. Biddle Memorial Institue", honoring Major Biddle and in appreciation for timely gifts by his window. Mrs. Biddle had responded to an appeal in the church papers requesting help for the Freedman's cause and donated $1000 in honor of her husband, who had been killed in the War Between the states in 1862. She made an additional contribution of $400, with the provision that the school be chartered under the name honoring her decesed husband. Curricula of a classic nature were added in 1876 and the name changed to Biddle University. The institution operated under the leadership of northern whites primarily until 1891. In 1886 the first black professor was named with the appointment of George E. Davis as professor of Natural Science. In the 1891 the Reverend Daniel J. Sanders became the first black elected to the office of President of the University.

In 1921, Mrs. Johnson C. Smith of Pittsburg, Pennsylvania began making large donations to the institution, which resulted in the addition of nine buildings to the physical plant and a substantial endowment. In recognition of her interest and support, the charter was amended in 1923, changing the name to Johnson C. Smith University. In 1927 the institution's progress was ensured by a generous endowment gift from James B. Duke of Charlotte, North Carolina. Today the Duke Endowment continues to serve as one of the University's prime benefactors. The high school department was discontinued in 1929, snd the standard program was restricted primarily to Liberal Arts and Theology. Women were admitted to the junior and senior classes in 1932 and to all classes in 1941. In 1933 the institution received an "A" rating by the Southern Association of Colleges and Schools (SACS) and was elected to full membership in the American Council on Education in 1934. From its founding to 1938 Johnson C. Smith University was operated by the board of National Missions of the Presbyterian Church, USA. In April of 1938 the University became an Independent Presbyterian institution affiliated with the church through the Board of Christian Education. The mission of Johnson C. Smith University is to provide an outstanding education for a diverse group of talented and highly movited students from various ethnic, socioeconomic, and geographic backgrounds. Johnson C. Smith offers a liberal education in conjunction with concentration study in specialized fields in preparation for advanced study and specific careers. The University endeavors to produce graduates who are able to communicate effectively, think critically, learn independently as well as collaboratively, and demonstrate competence in their chosen fields. Johnson C. Smith University has firm resolve to maintain the fiscal and human resources requisite to be a truly distinctive institution - a hallmark of excellence in its students, faculty, staff, administrators, academic and other programs, facilities, operations, and environment.

The Next Generation of Excellence on the Go !!!

Laughing with your friends in the residence hall room, talking on the phone to the wee hours of the morning, going to the cafe to get a cheeseburger for lunch, studying arduously for that final exam, getting dressed up to go to the JCSU basketball game to see those Golden Bulls throw down, or hitting that alarm clock at 7:00a.m to get up for an eight o'clock class are all part of - ***STUDENT LIFE.***

Oh, student life encompasses so much for so many. Every student has one. It is impossible not to, especially at Johnson C. Smith University where there are so many organizations to join and functions to attend.

Moving from one residence hall to another, gliding from the library to the education building, or going to the cafe' party, students at Smith are always on the go.

We see ourselves going to Chicken King for a snack, Eastland Mall to get something to wear to the game, or downtown to look for a job or internship. It is these activities which help students to unwind and relax from academic pressures.

The students of Johnson C. Smith University are a family and a community of their own. Giving each other support, showing school spirit, or tutoring each other in academics is what student life is all about; it is sharing a part of oneself with another.

Typing a term paper at four o'clock in the moring , talking to a professor in his or her office, student life activities never end. There is always something that needs to be done or something to do, so-

Let's all continue to be The Next Generation of Excellence.

Some effective study tips to remember:

- Make and keep a study schedule.
- Study in a suitable place.
- Organize all material before starting.
- Keep a careful record of all assignments

Set aside certain hours each day for class assignments. Why lose time phoning all over campus to find somone who knows the assignment? Remember to keep a assignment book. Learning to take good lecture and text notes will help you prepare for the test more effectively.

We Miss and Love you
May Your Soul Live On!
When I Must Leave You

When I must leave you for a little while,
Please do not grieve and shed wild tears
And bring sorrow to you through the years.
But start out bravely with a gallant smile.
And for my sake and in my name
Live on and do all things the same
Feed not your lonliness on empty days.
But Fill each waking hour inuseful ways
Reach out your hand in comfort and in cheer
And I in turn will comfort you and hold near
And Never, Never be afraid to die
For I am waiting for you in the sky!

The 4-Year Change

Going through college is almost synonymous with going through changes. Whether you're at Johnson C. Smith University for four years, ten years, or just one quater, chances are that the experiences you have had have affected who you are ___ and why you are that way.

Changes can be physical ___ ask anyone whose I.D. pictures bears little resemblance to him now or whose freshman year clothes are yards too big or sizes too small.

Through less obvious, changes in personality, lifestyle and personal beliefs also come about. Remember a freshman, the kid who never drank, cleaned his room and got up for church every Sunday? Did it surprise you two years later to see the same person in Mr. Pee's at 1:30 a.m. on a Sunday morning, surrounded by strange friends and every kind of mix drink you can name?

Think of your own experiences ___ the people you've met, the job interviews, the classes, the good times and bad. Think of what you once belived in, and reevaluate it now. Have you changed?

Perhaps you've grown as well.

Coronation Practice : 2000

The students worked very hard to make the coronation of Miss Johnson C. Smith University a success. They wanted their organizations to be showcased in the best light. They practiced, memorized, and rehearsed until they had the show just right. And on the night of the show everything did not go as planned, things went wrong, and people made mistakes. In the end the night was wonderful, the event will be remembered, and it will live for ever in the heart of Angela Yvette Beasley, Miss JCSU 2000-2001.

Student Organizations

We go to classes to search for deeper meanings, to see if we can understand more fully our reason for coming to college. Sometimes we ask ourselves, surely there must be more to college than textbooks?So we join a group in which we can express ourselves. An organization in which we can find fulfillment while doing the things we like. And even though we join countless organizations, we do not want to change that which makes us different. And we don't have to change. We can still be individuals if we wish.

President

Student Government Association 2000-2001

Dear Smithites,

It has been both a pleasure and privilege for me to serve as the president of your Student Government Association for the 2000-01 school year. Not only am I pleased to have held this position, but also I am ecstatic to be the first SGA president of the new century. As my term comes to an end , I would like to leave the following words of inspiration to those of you who have supported the efforts of the Student Government Association. One must embark into society and make a magnanimous IMPACT. I hope that this years SGA board has made an IMPACT on your college experience. An IMPACT that will affect you through your time here at the university. Hopefully the IMPACT we created has been an inspiration to help you reach an echelon of peace, happiness and prosperity.

We should be so pleased to be students of this university, during its years of greatest reputation and financial standing. As students we should continue to commemorate the numerous accomplishments that our university has made. This year we were recognized as the first HBCU to implement a laptop initiative with IBM. We house the world's largest bull in or new stadium, and continue to gain support for the renovation of our universities oldest building. In short never forget your experiences here, contributions and let the spirit of god be your source of strength as we press on to attain our goals.

Pan Hellenic Council

From generation to generation the Greeks of Johnson C. Smith University have maintained an aire of unity that has endured for years. Greek life is made up of multi-dimensional organizations whose interests are far more than social. They engaged in campus and community involvement as well as providing scholarship to others in need. It is a bond of loyalty, joy, and sorrow that united brother to brother and sister to sister. These shared feelings form lasting friendships. At JCSU the greek tradition is one of uniqueness and integrity. It is through growth and maintenance that makes JCSU Greek life meaningful.

Phi Beta Sigma Fraternity

On January 9, 1914 under the blue skies, white stars and cresent moons of Washington, D.C. three young black men at Howard university created what would later be known as the "One and Only True Brotherhood" Phi Beta Sigma Fraternity, Incorporated. The first fraternity recognized at Howard University, Phi Beta Sigma is an organization that believes in the "exclusive we" rather than the "inclusive we." Founded on the ideals of brotherhood, scholarship, and service it has truly experienced "A Proud Past and looks forward to Progrssive Future."

The infamous Alpha Epsilon chapter founded October 27, 1927 at Johnson C. Smith University can honorably say, "We have upheld the principles and ideals of our National Constitution." We firmly believe in and stress continually upholding our motto "Culture for Service and Service for Humanity."

Alpha Kappa Alpha Sorority, Inc.

Alpha Kappa Alpha is the oldest Greek letter organization established in America by Black college women. The record of its origin, growth and development, activities, evolving goals, and accomplishments is more than an interesting chronicle of a colored bit of college-based Americans.

It is, rather a siginificant and inspiring reflection of the emergence of a dynamic group inchanging culture. The efforts of Alpha Kappa Alpha women in the promotion of high scholarship, vocational, and career guidance , health services, the advancement of human and civil rights,and in so many other areas constitute a priceless part of the American experience in the twentieth century.

Alpha Kappa Alpha roots date back to Howard University, Washington, D.C., where the ideas for information was conceived by Ethel Hedgemen Lyle of St.Louis, Missouri. She was viewed by the Sorority as an instrument for enriching the social and intellectual aspects of college life by providing mental stimulation through interaction with freinds and associates.

Through the years, however, Alpha Kappa Alpha's function has become more complex. After her incorporation as a perpetual body in 1913, Alpha Kappa Alpha gradually branched out and became the channel through which selected college trained women improved the social and economic conditions in their city, state, nation and the world.

Today, that fradition has continued internationally, nationally and locally. Alpha Kappa Alpha cultivates and encourages high scholastic and ethical standards; promotes unity and friendship among college women; alleviates problems concerning girls and women; maintains a progressive interest in college life; and serves all mankind through a nucleus of more than 170,000 women in over 900 chapters.

Violets

Like Violets, Deltas must be individullly selected
You cannot grab a handful without damaging some of them.
They cannot be roughly picked or picked in a hurry.

Like Violets, Deltas are not the kind of flower that
Shows off its fullest beauty standing alone, but is
Naturally gregarious and looks best in natural clusters.

However, Like Violets, the Delta can stand alone and
Still reflect beauty.

"We focus on a technologically-enhanced learning experience here at Smith..."

While the role of research is increasing on our campus, the emphasis of providing the best possible instructional environment for the students are a primary concern for the President as well as the faculty and staff. The evidence of success is found in the classrooms where talented and dedicated faculty gives each and every student the personal attention and guidance he or she deserves.

Esoso Ejoma is a junior from South Africa

Dr. Felicia Harris, Director of the Testing Center, assisted Career Services with registration during its Graduate School Fair. This is one of the many sponsored event offered each year to encourage students mainly seniors to think about there future and career decision making.

Cotteka Johnson is a senior from Nassau Bahamas. She is Tutor for the Student Support Services. Here she is doing what she does best, which is making others face the challenges of making the grade.

Thinking of Graduate or Medical School!

Our very own, Ms. Limia Bowen, RHC for Duke Hall, represented Winthrop University at the graduate school fair.

The advantages of attending a graduate school fair are numerous. The opportunity to meet one on one with the representative of your choice is available. Representatives discussed the application process, financial resources, and program of study to you, and even schedule a campus visit.

The opportunity to meet other faculty and staff who are working here at university and have graduated from or attending one of the visiting university or college like Ms. Bowen at Winthrop Unversity. The opportunity to enhance your network skills is also available.

35 years of dedication, service & a special loyalty to JCSU

Special Dedication

Ms. Mary Joyce Crisp

Have you ever been walking around campus and hear a little woman say, "hi honey! or how are you doing sugar?"
Joyce Crisp might be small in statue but she has a big heart. She is definitely a woman of her word and gets the job done. She can do anything, from getting a room to getting you told when you are in the wrong. Ms. Crisp always has the best interest of the students and the people she is working with at heart. In her eyes, the students always come first.

Ms. Crisp has been in the Student Union Building ever since it opening in 1965. She is the only person that I know that can tell you the ins and outs of this building. She will always put her best foot forward to help you accomplish what you want no matter where the place is located.

Joyce Crisp is a woman that is of her word, and full of independence to share with all. For all of your love, support, encouragement, and just all of your straight forwardness, we say Thank you for your 30 + years.

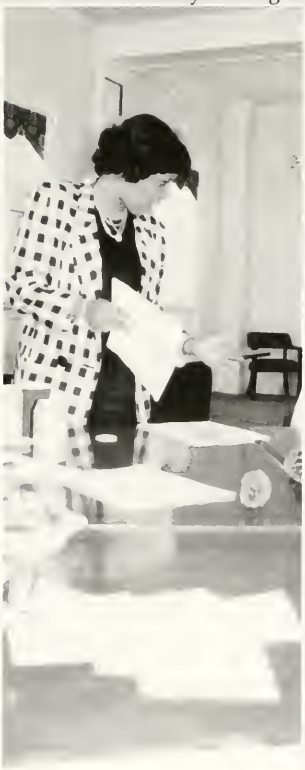
Office of Residence Life

Each year the Office of Residence Life as well as others take time out to re-evaulate ways in which they too can easy the transition of students from saying goodbye to mom and dad to starting a life for him or her self.

The Office of Residence Life believes that food and shelter is only one end of the continuum, which forms the rational for University housing. The other, and most important, factor involves the education of those housed.



Karen Wallace, Program Assistant, shared with the staff the importance of completing forms.

Staff in Training

t is largely through the latter functions that Residence Life has the opportunity to supplement and support the overall mission of the University. We believe that life in the residence halls should aid the positive development of those who reside there and should figure actively in the production of academically and culturally wholeness rather than fragmented individuals.

Syeetah Hampton - El

Well, once again I'm thanking the student body for giving the Yearbook Staff and myself a chance to capture history. This year we have overcome great obstacles to put an exciting and captivating yearbook together. This 2001 book was made possible due to the HARD WORK of the advisor Mrs. Varsty Muhammad. I must say that in the past we the staff put in long hours, but this year it was her. She insured that we completed the book and worked within our deadlines and means to maintain the standards set forth in previous years.

So, instead of my letter to the students to say thank you, this is really for Mrs. Muhammad. Thank you for believing in the staff, the editors and the students. Also, thank you for putting in LONG HOURS to complete a yearbook which reflects our 2000-2001 school year. This is my last year working with you, thank you for making it my best year.

Speical Thanks to Elaine Jones, Duron Blount, Leonard Haynes and others who also assisted in pulling it all together to capture "The Next Generation of Excellence."
